

The Federal Communications Commission

Dear The Federal Communications Commission,

I am retired, and live on a fixed income. I purchased a cell phone for only one reason: in case I break down on the road or in case of another emergency. I pay \$100 per year for this protection. I probably make fewer than 10 calls per year on my cell phone.

PLEASE don't penalize me further by subjecting me to an additional tax. Let the high volume phone users pay. I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund.

Sincerely,
